Weiser Search: Card 1

1. Bud Weiser, a 5-year-old male, is reported missing by his stepfather, Sam Adams, from their camp ground in the mountains of southern Arizona at 07:00. This is Bud's first camping trip, and neither he nor Sam have been to this area before. Sam thinks his step-son got up in the night to use the facilities, but he did not return. Sam's cellphone is 123-456-7890.
2. You are the search manager and are also the WC3 operator.
3. Open WC3. Open an Initial Note and incorporate into it the detail of this Dispatch Call.
4. Place a separator at the end of the note.
5. Automatically save the Initial Note every minute.

Weiser Search: Card 2

Reality Check

3. In the Initial Note, you should have used "Dispatch Call/Initial Report" under the "Insert" menu item, which generates a template that can be completed.
4. To generate a separator, use "Separator" under the "Insert" menu item. (In future, add separators as appropriate.)
5. In the Initial Note, under "File", select "AutoSave" and "Every 1 Minute".

Weiser Search: Card 3

1. In talking to Sam Adams, the following emerges. This is Bud's first camping trip, and neither he nor Sam have been to this area before. Sam thinks his step-son got up in the night to use the facilities, but he did not return. Bud always wears a blue baseball cap, day and night. The cap has the word "Bud" embroidered on the front, and the words "Bud Weiser" written on the inside. Sam has a photo of Bud. Bud is in good health.
2. It is summer and the temperature ranges are predicted to be between 55°F and 80°F for the next week with clear skies.
3. You know the immediate area very well, and are aware of dangerous cliffs and that a cougar was sighted in the area two days ago.
4. Incorporate these Details into the Initial Note together with the Lost Person Behavior characteristics of Bud.

Weiser Search: Card 4

Reality Check

In the Initial Note, you should have used at least the following.

1. "Details" under the "Insert" menu items, which generates a Details template that can be partially completed.
2. "Subject Category". (Use the Tab key to place the cursor at the end of the word "Category:" in the previously generated Details template, and then click on Initial Note menu item "Subject Category" and select "Children (4 to 6 years)".)

Weiser Search: Card 5

1. Assess the Urgency Rating of this incident and add it to the Initial Note. (Use the Urgency Rating Chart menu item.)
2. Estimate the Distance Traveled by someone like Bud. (Assume that the terrain is similar to Nova Scotia.) Do **not** add this information to the Initial Note, but make a note of it in Kwiknote.
3. Estimate the size of the Circular Search Area and add it to the Initial Note.
4. You have a helicopter, two horse patrols, and two hasty ground teams. At 08:00 you deploy all your resources immediately along likely trails, drainages, and ridges. Enter the deployment information into the Initial Note.

Weiser Search: Card 6

Reality Check

1. Use the Tab key to place the cursor at the end of the words "Search Urgency: " in the previously generated Details template. Then, in the main window, select the menu item "Initial Resources", "Urgency Rating Chart". After checking the appropriate radio buttons, click on "Clipboard" and then paste the clipboard's contents in the Initial Note.
2. In the main window, select the menu item "Initial Resources", "Lost Person Behavior Distance Traveled", finding 0.06 and 1.65 miles.
3. In the main window, select the menu item "Initial Resources", "Circular Search Areas", and enter 0.06 and 1.65 miles as the Inner and Outer Radii. After clicking "Accept", you get 8.542 square miles. Click "Clipboard", place the cursor at the end of the Initial Note, and paste the result.

Weiser Search: Card 7

1. At 09:30 you check on the status of each team, all of whom report in and give their locations. Enter this into the Initial Note. (Make up your own locations.)
2. At 10:00, your sheriff called you on your cellphone to say that he had been contacted by the president of Anheuser-Busch, who wants to know why his grandson has not been found. He is not happy, and is threatening to withdraw all beer supplies from Arizona, unless there is immediate action. Enter this Message into the Initial Note.
3. At 10:45 your wife calls you on your cellphone to remind you to pick up milk on the way home.

Weiser Search: Card 8

Reality Check

1. Place the cursor at the end of the Initial Note and select the menu item "Team Status". Complete the template for each team.
2. Place the cursor at the end of the Initial Note and select the menu item "Message". Complete the template.
3. Do not enter this into the Initial Note! Use Kwiknote as a reminder.

Weiser Search: Card 9

1. At 11:00 one of the hasty teams reports finding a blue baseball cap with the word "Bud" embroidered on the front, and the words "Bud Weiser" written on the inside. Enter this Clue into the Initial Note. (Make up your own location, etc.)
2. The subject was found in good health at 11:30 by one of the hasty teams about a mile from the camp ground. He was able to walk out without assistance. Enter this information into the Initial Note.

Weiser Search: Card 10

Reality Check

1. Place the cursor at the end of the Initial Note and select the menu item "Clue". Complete the template.
2. Place the cursor at the end of the Initial Note and select "Found Subject". Complete the template.

Weiser Search: Card 11

1. Which menu item in the Initial Note would you use to insert any selected template at the end of the Initial Note?
2. Where does the Initial Note get saved.
3. Which menu item in the Initial Note would you use to insert the names of the PIO, Planning Section Chief, etc.?

Weiser Search: Card 12

Reality Check

1. Under "File", "All Inserts At End".
2. On the Desktop.
3. "ICS".
