SARCON 2017 Half Day Courses

Arizona DPS Helicopter Safety Course:

- This is a four hour course of instruction, providing candidates with knowledge of helicopter operations and safety. Students must provide their own personal protective equipment for activities surrounding helicopter ingress/egress, and approaching a landed helicopter under power. Standard SAR attire is recommended to practice how you play. There are no added costs associated with this course of instruction, and this course meets the AZSAR II Recommended Standard.
- Offered twice: Friday May 5th & Saturday May 6th from 1300 hours to 1700 hours

AZSAR II Fitness Standards Review:

- Exciting times in Arizona Search & Rescue are upon us, as the Arizona Search & Rescue Coordinator's Association has developed **recommended** standards for SAR personnel!!! This course is a review of the minimum recognized fitness level for SAR personnel to achieve the rank of AZSAR II. This is a test of readiness for field deployment which requires the candidate to complete a 2 mile hike with a 25 pound pack on within a one (1) hour time limit. The "hike" will be on relatively flat ground, and packs will be weighed prior to start. Before or after your hike test, candidates can also have their SAR packs signed off by the reviewing staff to complete another AZSAR II Standard. There are no added costs associated with this course.
- Offered each morning of the conference: Friday May 5th Saturday May 6th Sunday May 7th from 0800 hours to 1200 hours

Basic First Aid Course:

- This four hour course of instruction provides candidates with the basic knowledge in the area of first aid. If you have never taken a first aid course, this is a convenient way to increase your knowledge base, while at the same time meeting the AZSAR II Standard of having a basic first course. It is great to team this course up with the CPR Course to complete your task book!!! There are no added fees for this course, and there is a twenty (20) student maximum class size for registration.
- Offered twice: Friday Morning May 5th from 0800 hours to 1200 hours & Saturday Afternoon May 6th from 1300 hours to 1700 hours

Basic Survival Course:

- This course is instructed by Scott Kozakiewicz, a highly knowledgeable, trained and skilled professor in outdoor survival!! This course will teach you the skills needed to get through survival situations, advancing your skill set for SAR. Outdoor attire is a must, but your SAR attire and equipment is recommended. Condensed into a four hour block of instruction, this course meets the AZSAR II Standard.
- Offered all three days of the conference: Friday Afternoon May 5th from 1300 hours to 1700 hours & Saturday May 6th and Sunday May 7th during the morning times from 0800 hours to 1200 hours

CPR – American Red Cross

- There is a \$27.00 added fee for this course for the Red Cross Certification. Has it been a while since you took a CPR class??? Here it is for you!!! Sign up to get the most up to date CPR Certification, which meets the AZSAR II Standard. Plan on a four (4) hour block of instruction.
- Offered twice: Friday Afternoon May 5th from 1300 hours to 1700 hours & Saturday Morning May 6th from 0800 hours to 1200 hours

SARCON 2017 Half Day Courses

K9 Helicopter Familiarization Course:

- Designed for K9 handlers, this course gives search dogs and handlers experience in helicopter ingress/egress. This is a great opportunity for K9 handlers to practice with their best friends, and understand how their buddies will work in and around a helicopter. Thank you to the Arizona DPS Aviation Unit for making this course happen for us again. Plan on a two (2) hour block of time in the later morning to attend, and students must provide their own personal protective equipment.
- Offered twice for K9 handlers: Friday May 5th and Saturday May 6th during the morning times from 1000 hours to 1200 hours

MPD / Low Angle Rescue:

- This course of instruction will provide candidates with knowledge in the use of a “MPD” (Multi-Purpose Device) in pulley / rescue belay / descent control mountain rescue applications. Volunteers from the Southern Arizona Rescue Association will host this great opportunity to become familiarized with a unique piece of mountain rescue equipment. SAR attire required for this course. This course meets the AZSAR II Standard for low angle rescue, and there is no added fee to attend.
- Offered twice: Friday Afternoon May 5th from 1300 hours to 1700 hours & Saturday Morning May 6th from 0800 hours to 1200 hours

Patient Package / Low Angle Rescue:

- This course of instruction, provided by the Maricopa County Mountain Rescue Posse, will provide candidates with the skills in rescuing injured subjects. The four (4) hour block covers “packaging” of the subject, and proper methods for low angle rescue. This is not a technical course but outdoor SAR attire is required. This meets the AZSAR II Standard Task Book requirement. There is no added fee for this course.
- Offered twice: Friday Morning May 5th from 0800 hours to 1200 hours & Saturday Afternoon May 6th from 1300 hours to 1700 hours

SAR TOPO:

- A very basic overview of the popular SAR TOPO computer program, demonstrating the various functions of the software. SAR TOPO is one of the many SAR software mapping programs, and is used in SAR incident management nationwide. As this is a demonstration, there is no requirement to provide your own equipment, and there is no added fee to attend this course.
- Offered twice: Friday Morning May 5th from 0800 hours to 1200 hours & Saturday Afternoon May 6th from 1200 hours to 1700 hours
